INSTRUCTIONS: (min. 2 players)

One person begins to recite the alphabet in their head until another player says "stop". All players then write down terms for the matching categories with the selected initial letter as quickly as possible. The first person to complete the line ends the round. Points are awarded as follows: 10 points - players have written down different words; 5 points - players have written down the same word; 20 points - only one person has come up with a term.
